NATIONAL DEFENSE COUNCIL ASKS FOR HOME GUARDS

Mayor John T. Hinton is in receipt of a letter from Mr. William Tertherly, Field Secretary of the National Council of Defense, from the headquarters at New York, explaining parts of plans for the organization here of a Vigilance Corps, or Home Guards. It is proposed to make this organization a part of the national plan of defense. It will be the duty of the members of the Vigilance Corps to co-operate with the Government in running down every person suspected of disloyalty, and of collecting as much information as possible to place at the disposal of the Government as soon as it shall be called for.

Mr. Tertherly announces that the National Society is devoting its entire time and resources to the immediate detection and sequestration of all disloyal Americans, pacifists and pro-Germans. He says that in this country there are several million aliens representing Germany, Austria, Bulgaria, Turkey and Hungary, every one of whom is a possible enemy. Unofficial announcement has been made from Washington that the Government is now about to register the alien enemies of America.

Mr. Tertherly asks the Mayor to take the matter up with the people of Paris and urges that the formation of the Vigilance Corps be made as a patriotic principle and a help to the Government in running down these millions who are constantly plotting against peace and safety of our country. They may be in our midst, for all we know, so the formation of this organization will become a matter of necessity.

Parts of the plan, as outlined by Mr. Tertherly, provides for the calling of a meeting of ten prominent Paris men, who are known to be active and loyal workers, who will form the nucleus of the Vigilance Corps. These will be provided with a list of every man in the community. From this list a series of records will be formed, each one being marked "Loyal," "Disloyal," "Doubtful," "Unknown," etc., according to how the committee regards his standing as a true American. These will be re-canvassed from time to time, and supplemented in every way possible. The list will serve as a basis for all future war activities in this community, and after its final revision will be placed in the hands of the city and county authorities, who will appoint members to keep a strict watch on suspected parties.

When the meeting is called the plan will be explained in full, and the organization will be made permanent.

Newspaper reports sent broadcast over the country from Washington tell us that there are three hundred thousand spies of foreign governments in the United States, and that these people are daily collecting information of our defensive measures and forwarding that information to their home governments. We do not need traitors or spies in this country, and the sooner they are kicked out or jailed or hung the better it will be for our own welfare. The man who can not respect and protect our flag and our country has no legitimate place in our midst, and we do not want him.

ONLY ONE DELIVERY OF MAIL TO-DAY.

To-day being a legal holiday, the Paris postoffice will observe the usual regulations. The general delivery window will be open from 11:30 to 12:30. The rural carriers will make their usual trips, but there will be only one mail delivery in the city, and one general collection. No business whatever will be transacted in the money order, postal savings and registry divisions. The banks will be closed all day, as usual.

TO ADMINISTER ESTATE.

In the County Court Judge McMillan appointed the Peoples-Deposit Bank & Trust Co. as administrator of the estate of the late Mrs. Eliza Schwartz. The Trust Company qualified by furnishing bond in the sum of \$5,000, no security being required under its charter.

The Court also appointed Wm. M. Wright as administrator of the estate of the late Mrs. Virginia C. Pollock, of Millersburg. Mr. Wright qualified by furnishing bond in the sum of \$3,000, with Dr. M. H. Dalley as surety. Sanford M. Allen, G. S. Allen and Jas. Burroughs were appointed to appraise the estate.

Wm. Cantrill qualified as administrator of the estate of Ellen Carriek, deceased, by furnishing bond in the sum of \$400, with E. L. Ross as surety.

THE BOURBON TOBACCO WAREHOUSE COMPANY

Warns the Growers Against Bringing Unmerchantable Tobacco to Market.

The Bourbon Tobacco Warehouse Company has sold to date 629,500 pounds of tobacco, for \$183,016.47, an average of \$29.07, which average not only leads the Paris market by a good margin, but is above the average of any market in the Bluegrass. But for the wet, unmerchantable condition of much of the tobacco marketed, this average would have been much better.

We must, therefore, warn the farmers against bringing tobacco to market in such condition, for the buyers cannot buy it for the simple reason it will spoil on their hands. Hang up your tobacco if necessary, bring it to market in the right condition and you will profit thereby and the whole market condition will improve.

With the compliments of the season, we are very truly yours,
BOURBON TOBACCO WAREHOUSE COMPANY,
By John T. Collins.

THE TOBACCO MARKETS

The Bourbon Tobacco Warehouse sold 100,750 pounds for an average of \$25.25. Some of the crop averages at this house were as follows:
Jonas Weil & Moon 2,365 pounds, average \$33.20.

Davis & Bell 2,240 pounds, average \$29.95.

Marr & Humphreys 340 pounds, average \$39.06.

Fisher & Maybrier 2,125 pounds, average \$32.31.

Woodford & Christopher 3,860 pounds, average \$28.31.

Curtis & Caywood 3,180 pounds, average \$28.17.

Redmon & Wills 1,985 pounds, average \$33.27.

Layson & Hall 2,250 pounds, average \$30.52.

Penn & Argo 4,455 pounds, average \$30.72.

Tobacco was in good condition for the sales Friday, which marked the close until after the holidays. The New Independent House sold a total of 97,835 pounds for an average of \$22.70. Some of the crop averages were as follows:
Haley & Talbott 3,975 pounds, average \$24.93.

Roseberry & Day 6,965 pounds, average \$25.99.

Thompson & Farley 5,495 pounds, average \$23.62.

Wheat & Current 1,890 pounds, average \$33.84.

N. G. Herrington 2,215 pounds, average \$25.90.

Russell Boardman 4,370 pounds, average \$23.40.

B. F. Hopkins 1,500 pounds, average \$24.30.

Thompson, Burris & Dennis 4,585 pounds, average \$24.17.

Keller & Roberts 3,885 pounds, average \$30.26.

The market took a slump last week of from four to six cents a pound, due, according to a statement from a prominent tobacco handler, to the condition of the weed when placed on the floors for sale. Most of the tobacco had been brought in wet and soggy, and as a result, was not in good condition for selling.

There is much tobacco on the market and on wagons that will have to be rehung for fear of heating or moulding.

The sales at both houses will be resumed on Thursday, Dec. 27, with good floors of the weed promised.

The Bourbon Tobacco Warehouse managers were feeling rather "perky" yesterday over the report of supervisors of sales, which showed their house to have outdone the Lexington market by a margin of twenty-three cents on the general averages to date.

The Paris house had an average of \$28.61, while Lexington fell behind with an average of \$28.38. Local men have all along contended that the Paris market is the equal of Lexington in all respects and figures seem to prove it.

QUARREL ENDS IN DEATH OF NEGRO.

During a fight which took place in Claysville, negro suburb of Paris, Sunday afternoon between two negroes named Harrison Jackson and Ed. Washington, Jackson was shot twice, once through the abdomen and once near the heart, by Washington.

The two men became involved in a dispute over the possession of a gun. Washington managed to secure possession of the weapon, a 38-caliber Smith & Wesson revolver, and fired the shots which resulted in the almost instant death of Jackson.

Chief of Police Link and Coroner Rudolph Davis were immediately notified of the killing, and while en route to Claysville, were met by Washington, who gave himself up, surrendered the weapon, with which the killing was done. He was taken in custody and placed in the Paris jail.

A long-bladed knife, which was claimed to have been found in the possession of Jackson, was taken in charge by Chief Link. Washington had nothing to say about the killing.

Coroner Davis impaneled a jury and held an inquest at the court house yesterday morning at eleven o'clock. The jury, after hearing the testimony rendered a verdict in accordance with the facts in the case as brought out.

The verdict of the Coroner's jury composed of J. Will Thomas, foreman, John Chism, John T. Hedges, Frank Clay, Thos. Taul and S. S. Ardery, was to the effect that the shooting was done in self-defense, the evidence tending to show Jackson the aggressor. Washington was discharged from custody.

GAS PRESSURE SUSPENDED TEMPORARY SUSPENSION.

Anxious inquiries besieged the office of the Paris Gas & Electric Company yesterday morning, when a sudden lessening of the gas pressure gave rise to apprehension. The trouble was caused by a slight break in a pipe near the Paris Cemetery, which necessitated shutting off the gas until repairs could be made.

LOCAL U. S. MARINE SCORES AS MARKSMAN

Since donning the uniform of a sea-soldier on May 9th last, Bishop S. Batterton, of Paris, has qualified as a marksman, winning the coveted medal and an increase of pay. He won his spurs at the recent Port Royal, S. C., shooting trials, after experts had put him and fellow marines through a series of training at the various island camps.

During this training the men are taught the fine points and the "mood" of the Springfield "30," so that by the time the range is reached they thoroughly understand the rifle. Then follow lessons in the art of maintaining the correct shooting positions and the judging of distance, each man being coached by an individual instructor. This personal tutelage creates a keener interest among the men, experts say.

Young Batterton, who is a son of Benjamin A. Batterton, of Paris, enlisted in the Marine Corps at Cincinnati, Ohio.

AN UNFORTUNATE HOUSEHOLD.

That misfortunes never or rarely ever come singly is a confirmed belief in the home of Mr. and Mrs. James L. Day, of near Paris. Some time ago while coming to church in Paris the horse Mr. and Mrs. Day were driving fell dead, and they had to secure other means of transportation in order to reach Paris. A few weeks ago their vehicle collided with an automobile on Main street in Paris. Mr. and Mrs. Day were thrown out, and sustained serious injuries. Mr. Day's arm being broken. Last Saturday Mrs. Day fell on the icy sidewalk while shopping in Paris and broke the large bone in her right wrist. She was removed to her home and a physician summoned. Now, Mr. Day is wondering what will happen next.

DEATH ANGEL BUSY AMONG COLORED PEOPLE.

The grim reaper Death, has been busy among colored residents of Paris in the past few days, as well as with others who formerly resided here.

A message from Portsmouth, O., to Police Chief Link told of the death there of Dewey Anderson, colored, formerly of Paris. Anderson was formerly a waiter at the Windsor Hotel, in Paris. His mother resides here.

Maggie Freeman, a former teacher in the Western High School, the colored school of Paris, died last week at West Palm Beach, Florida. She was a half-sister of Wm. (Buck) Freeman, formerly of Paris.

Ora Lee Johnson, wife of Jasper Johnson, Louisville & Nashville porter, died of intestinal trouble at her home on Brooks street, in Paris, Friday.

Brit Herrington, known to almost everybody in Paris, died at his home in Lylesville, near Paris, Friday morning, of a complication of diseases.

TO INTERN EVERY ALIEN HERE IF NECESSARY.

Warning that if it becomes necessary to intern every enemy alien to win the war the Government will not hesitate to act, was given by Thomas G. McCarthy, United States Marshal, in an address in New York to an audience composed chiefly of German-Americans. He urged his hearers to carry the message to their friends, and tell them finally that America has never failed in anything she has undertaken.

"A man with six or seven generations of America back of him might have a right to express a grievance about conditions here," he said, "but a man who comes here from a foreign shore ought to be so grateful for his liberty here that he should go forth and cry this freedom from one end of the land to the other."

THE METHODIST CONGREGATION RAISES PARSONAGE PURCHASE FUND.

At the morning Rally Day service at the Methodist church Sunday, the congregation raised the sum of \$6,000 in cash and pledges for the general emergency fund. Of this amount the sum of \$4,000 has been set aside for the purchase of the residence adjoining the church, now occupied by Dr. and Mrs. Chas. G. Daugherty. An option has also been taken on the livery stable property adjoining the residence. Of the remainder of the fund \$900 is to be devoted to payment of an indebtedness on the church, \$500 for incidental expenses, while \$600 will be used in making repairs to the church.

Checks aggregating \$5,300 were given out at the office of Miss Mahal Robbins, County Superintendent of Schools, to the fifty-two teachers of the Bourbon county schools.

TURF MEN TO RAISE RED CROSS FUND.

At a meeting of prominent turfmen of the State, held in Lexington, Saturday afternoon, it was unanimously agreed that the thoroughbred interests of the State should raise the sum of \$300,000 for the American Red Cross.

Mr. A. B. Hancock, of Paris, master of Claiborne and Ellerslie studs, presided at the meeting. Chas. F. Grainger, of Louisville, a member of the State Racing Commission and president of the New Louisville Jockey Club, was temporary chairman until Mr. Hancock was elected. Thomas B. Cromwell, secretary of the Thoroughbred Horse Association, was elected secretary of the meeting.

On motion of those present the chairman was directed to appoint a committee of five, of which he should be a member, to set the amount to be given by the horsemen to devise a plan of raising it. The committee was appointed as follows: John Hachmeister, Chas. F. Grainger, T. Hart Talbott, of Paris, Hal Price Headley and A. B. Hancock, of Paris.

The committee went into immediate session and made the following report:

"Your committee recommends that the thoroughbred interests of Kentucky pledge themselves to raise and donate to the American Red Cross through State Racing Commission during the year 1918 the sum of \$300,000." It also recommended the appointment of a committee to work out a plan of raising the money composed of T. Hart Talbott, J. H. Morris, John Hachmeister, Charles H. Berryman, Catesby Woodford, Charles F. Grainger, Matt T. Winn, Harvey Meyers, T. C. McDowell, J. E. Madden, J. C. Milam, J. O. Keene, A. B. Hancock and Hal Price Headley.

How this money is to be raised is to be devised by a committee of fourteen appointed at this meeting. It is expected that all the owners and breeders of thoroughbreds, the owners and managers of tracks in this State, trainers and jockeys, stable employees and employees of the tracks will contribute to the fund. The money will be given through the State Racing Commission.

THINGS TO WORRY ABOUT.

Lots of things that get into the papers are scouted by readers on the supposition that they were just figments of the newspaper man's imagination. But a conversation that took place in the Paris postoffice yesterday morning was of the "really happened kind." It can be vouched for by several reputable business men who heard it.

Two pretty Paris girls, who probably had not seen each other for as long as two days, met by accident at the general delivery window, and after the usual greetings, one of them became confidential.

"Elizabeth told me that you told her that secret I told you not to tell her," she mourned.

"Oh, isn't she just the meanest thing," gasped the other girl. "Why, I told her not to tell you!"

"Well," replied the first speaker, "I told her I wouldn't tell you she told me—so don't tell her I did."

And, vowing eternal silence, they purchased their stamps and moved away, while Postmaster Payne and the spectators grinned, being mere men!

The Christmas Atmosphere.

Among all evenings in the year, and all the days, there is no other evening like the Christmas eve, no other day like Christmas day. Whether the eve and the day be dark and stormy, or still and fair, does not matter. The difference is not in the weather or the seasons, but in that more subtle atmosphere which, from generation to generation through all the centuries has been our inheritance from the first Christmas eve and a day when a new born babe sent its wailing cry from the manger of Bethlehem.

The world looks different through this Christmas atmosphere. However festive or sad the occasion, however gay or gloomy the streets may be, whatever may be the surroundings, the Christmas feeling is there. No one may say just where it lies. It is like an unseen halo that glorifies and makes holy every good thought and impulse, while it reveals in darker relief whatever is tragic, unworthy, or vicious. A great disaster on Christmas eve or day shocks us as it does at no other season; a great joy comes in that sweet raiment of gladness that only Christmas brings. Through nineteen centuries has this light lingered around the hearts of men, and through all those ages it has not grown dim. Year after year slips by and is added to the past. But with each Christmas eve and day our homes and our highways are once more filled with the old, sweet joy—the halo from that star which rose over Bethlehem.

By steam, by rail, by sail, and by whatever mode a man may travel men and women scurry over the face of the earth at this season, towards whatever spot they know as home. In Tuscany villages, in the German mountains, on the plains of Greece, in Sicily, on the bleak Russian steppes, in the barren Scandinavian towns, in all those old world places that have sent their quota of wage-earners to America, the land of gold and promise, women and children are awaiting the home-coming of the wanderers. Their waitings and longings will not be in vain. Christmas stands for love and for charity, for hope and for joy at the fruition of that long-made promise of the prophet of the coming of one who should bring peace and good will to earth; so the churches hold their services and the people congregate to join in singing or to listen to the rendition of carols, some of which have come down from the early ages of the church. The children have their Christmas treats, and they are the very merriest of the merry in their participation in these annual school festivities.

GLOVES FOR SWIMMERS.

A native of the Hawaiian Islands has invented a webbed glove for use in swimming which is said to increase the speed and ease of the swimmer enormously. The glove is webbed like a duck's foot between the fingers, so that a great increase of bearing surface against the water is secured on every stroke. If the stroke used is the over-arm, the recovery is of course through the air, but even if an under-water recovery is used, the glove is so arranged that the web collapses and there is little additional back-pressure on the recovery.

SELF-INJURY FROM LYING

Vicious Habit Makes It Difficult for the Prevaricator to Succeed in an Honest Undertaking.

Lying comes not of aggressive shrewdness, but of cowardice and of a shallow cunning that is often treacherous and tricks the lie into transparency.

It is not the danger of being found out by others that is most to be dreaded; far more dreadful is it that the liar must know himself to be a liar, the Christian Herald says.

'Tis self-respect suffers—the heaven in him loses strength and leaves him dead dough.

The cunning that leads to lying is a rot that must permeate the whole character and make a man uncertain of himself. It distorts his perspective, obscures his vision, and warps his comprehension. The habit of misrepresentation leads to misconception, the judgment becomes as erratic as the tongue, and there results the man who "couldn't tell the truth if he wanted to."

Nothing so shakes the confidence of one's friends as known lying does; nothing so shatters one's own self-confidence as does lying, whether known to others or not.

The cowardice that fathers lying increases with the lie. Fear of detection joins with self-contempt in making the liar a greater coward than before. One lie calls for another in its defense.

Soon a tangled web spun of falsehood makes it all the harder for the liar to succeed in even an honest undertaking. His lies are a chain and ball upon his foot. They are beam in his eye and a weight on his heart. He flounders along, most of his energy being required to overcome the impediment, while the truthful man easily outstrips him.

The lying cheat in the "Vicar of Wakefield," who was always swindling everybody, died in jail for debt, while his honest neighbor, who was swindled a thousand times, steadily prospered and died rich and respected. Fiction, eh? Well, it is immortal as fiction, because it is fact the world over.

HAVE A CHEERY DINING ROOM

Gloomy Surroundings Prompt Hasty Eating and May Be Responsible for Many Cases of Dyspepsia.

Few home-builders realize the importance of the dining room. Too frequently it is placed in some convenient corner, light and outlook being sacrificed for the benefit of other rooms. It is true that in a small cottage a dining room may be omitted. This may be necessary in order to give added space to the living room. It is better to have either an alcove off the kitchen or make a combined living and dining room than to provide both without proper size or ventilation. But a house of large or medium size should have a separate dining room, writes Dorothy Verrill Yates, in People's Home Journal.

The first requisite for a dining room is sunlight. Many a case of dyspepsia probably comes from dining in gloomy surroundings which create hasty eating. One's meals should be served in a pleasant room with a pleasant atmosphere. This is as necessary to health as the proper observance of rules of diet.

The ideal dining-room exposure is southeast, and it should have all the windows possible, and as charming an outlook as can be arranged. The day is much better started in sunshine than in shadow, and with a view of a rose-covered trellis or a flowering hedge, instead of an ugly fence or "yard."

Sea Otters.

Some of the habits of the sea otter are very interesting. For example, an otter always swims on his back, his tail serving as a rudder and his head slightly raised so that by looking over his shoulder he can shape his course. When about to dive, however, he turns on his stomach, remaining in that position while under water, but changing again on coming to the top, writes Edward E. Martin, in St. Nicholas. Swimming a few feet below the surface, an otter very much resembles a sailor in his oilskins. An amusing story is told of a tourist fisherman who, seeing one of these animals swimming in this manner, hurried ashore and related a wonderful tale about having seen a sailor man, apparently drowned, yet swimming with all the vigor of life six or seven feet under water; and who, when he, thinking the man might be alive, rowed to his assistance, went down and stayed down. The fisherman would not believe it when told that it was probably a sea otter, and he returned immediately to his Eastern home convinced he had received a supernatural warning of some dire calamity about to happen.

Are You a Superior Person?

A professor of psychology announced to his class somewhat humorously one day that he should propound a problem by means of which each member could prove to his own satisfaction whether or not he was a superior person. The average person, he explained, never works it out; only the person of superior practical ability succeeds. Here is the problem, as propounded by the Youth's Companion:

A man has two pails, one of which holds exactly five quarts and the other exactly three quarts. He is sent to the river to bring back exactly seven quarts of water, no more, no less. With only the five-quart pail and the three-quart pail how can he measure exactly seven quarts? Can you solve it?

BROADWAY VENUS WITH TRIANGLE.

Virginia Foltz, well-known in musical comedy and at one time hailed as the girl with the best figure on Broadway, has been cast for an important role in the new Triangle play, "Evidence." Miss Foltz created such parts as the senorita in "Madam Sherry" and Little Boy Blue in "Babes of Toyland." She is the daughter of Clara Shortridge Foltz, a well-known Los Angeles club woman and suffrage leader.

FROM THE PRESIDENT'S MESSAGE.

"Let there be no misunderstanding. Our present and immediate task is to win the war, and nothing shall turn us aside from it until it is accomplished. Every power and resource we possess, whether of men, of money, or of material, is being developed and will continue to be devoted to that purpose until it is achieved."

"We shall regard the war as won only when the German people say to us, through properly accredited representatives, that they are ready to agree to a settlement based upon justice and reparation of the wrongs their rulers have done."

"When this intolerable thing, this German power, is, indeed, defeated and the time comes that we can discuss peace—when the German people have spoken whose words we can believe and when those spokesmen are ready in the name of their people to accept the common judgment of the nations as to what shall henceforth be the basis of law and of covenant for the life of the world—we shall be willing and glad to pay the full price for peace and pay it ungrudgingly. We know what that price will be. It will be full, impartial justice—justice done at every point and to every nation that the final settlement must affect our enemies as well as our friends."

PREDICTS ELECTION OF BOURBON MAN AS SPEAKER.

That Hon. Claude M. Thomas, of Paris, will be elected Speaker of the lower house at the next General Assembly of Kentucky when it convenes in Frankfort in January, is the prediction being freely made by politicians.

Mr. Thomas has been making a very active campaign among the Representatives in the State, and it is said he has positive assurances that he will be the choice of that body. While in the Senate Mr. Thomas was a staunch supporter of the county unit bill, and he will have behind him the solid support of the local option and prohibition forces of the State.

Among the latest adherents of Mr. Thomas is Representative-elect John W. Swope, of Clark county, who has announced his support of Mr. Thomas against his opponent, Mr. Robt. L. Crowe, of Lagrange.

PAPER CLOTHES.

Germany has been experimenting extensively with paper clothes, following an old practice of the Japanese in applying the paper to this use, but without much success. Latest reports have it that while paper is impractical for the chief garments of the Teutons, they are finding it satisfactory in certain minor capacities, notably in the manufacture of belts and suspenders. In the belts it serves as a substitute for leather, which is even scarcer than cloth. The paper for this purpose is braided into fine strands, and these are combined into a flat plait for the finished article. The belts are said to be very strong.

PACKING FISH.

A new machine has been introduced into the salmon canneries of the Northwest, which does the work of fifty men. All the processes of cleaning, splitting and removing the fins of the fish are performed by the machine automatically, and it can handle sixty fish a minute. It is adjustable to fish of almost any size. At the instance of the United States Bureau of Fisheries, the salmon canners are planning to pack greyfish in the slack periods between salmon runs, and it is expected that the new machine will prove successful in handling the greyfish as well as the salmon.

GOOD SAMARITAN HOSPITAL TO INCREASE NURSE CLASS.

Beginning in January the Good Samaritan Hospital, at Lexington, will increase its number of girls in training for nurses by ten. This is being done in order that young women who desire may start training, the government having given notice that the supply of nurses is entirely inadequate to meet the demands of war service.

Mrs. Shelby Harrison, chairman of the Fayette county branch of the Woman's Committee, Council of National Defense, has received a number of requests for information on war work from young women, some of whom have indicated that they desire to take up nursing.

A plan is on foot to have speakers from the committee visit the schools and tell the young women of the opportunities for service in the profession as nurses. The plan is not to take the girls from school, but to point out to them a way whereby they can serve in the event they desire to leave school.

STOMACH TROUBLE AND CONSTIPATION.

Those who are afflicted with stomach trouble and constipation should read the following: "I have never found anything so good for stomach trouble and constipation as Chamberlain's Tablets. I have used them off and on now for the past two years. They not only regulate the action of the bowels but stimulate the liver and keep one's body in a healthy condition," writes Mrs. Benjamin Hooper, Auburn, N. Y.

IT PAYS TO ADVERTISE IN THE NEWS.

Mr. Fred Weckesser, of the Busy Bee, has been running a "reader" in THE NEWS, calling for farmers to bring in their country produce, etc., to his place.

WHERE NO MOVIES HAVE BEEN MADE.

Jack Dillon, who is directing Olive Thomas in her latest vehicle, "Limousine Life," adapted from Ida M. Evans' magazine story of the same name, was filming some scenes at Norwalk, one of the oldest towns in Southern California. "It was the first picture they had ever seen made at Norwalk," declares Dillon, and the first day I spent in their midst they must have declared a legal holiday for the entire population appeared to be lined up to watch us work. The truant officer, or "hooky cop" as we called him when I went to school, had a busy time rounding up the school children for they preferred watching the "movie actors to doing their sums."

The Type Used In One Year to Publish Endorsements of Doan's Kidney Pills.

Of the many kidney remedies on the market to-day, no one other is recommended like Doan's Kidney Pills. Fifty thousand benefitted people gladly testify in the newspapers of their own towns. Forty-five hundred American newspapers publish this home proof of Doan's merit. The type used in one year to tell this wonderful story would make a solid column of metal twice as high as the world's highest mountain. Placed end to end the lines of type would reach from New York to Chicago. These miles of good words told by 50,000 tongues sound glad tidings to any Paris sufferer who wants relief from kidney and bladder ills. Here's a Paris case. Don't experiment. Use the remedy endorsed by people you know.

H. C. Hutchcraft, 1115 Main St., says: "I have used Doan's Kidney Pills off and on for many years with good results. When I have suffered from weakness of lameness across my back, Doan's Kidney Pills, procured from the Ardery Drug Co. have never failed to relieve me of the complaint."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hutchcraft had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

ALL BECAUSE THEY USED FLIVERS FOR JITNEYS.

Mal St. Clair, Triangle Keystone comedian, is seriously considering donating his car to the Red Cross. The machine has proved a flivver, he says. He pulled up to the curb on Broadway, Los Angeles, last week and two women promptly piled into the back seat handing "Slim" a nickel as they did so. "Slim" says he could stand for one little mistake like that were it not for the fact that Walter MacNamara was riding with him at the time and was so insulted that he hasn't spoken to him since.

FISH AND GAME COMMISSION REPORT OF BUSINESS.

J. Quincy Ward, executive agent of the Fish and Game Commission, filed his biennial report with Governor Stanley. It shows that during the past two years \$2,877,900 fish have been put into the streams of Kentucky. In 1914 there were 200 Hungarian partridges and in 1915, 2,500 English ring neck pheasants on the preserves in the State.

Since that time a number of them have died. During the year 1911, 153,000 quail were shipped from this State. Since the enactment and enforcement of the fish and game laws no quail have been shipped out of Kentucky.

There were 3,000 arrests for violation of the fish and game laws during the past two years and two-thirds of the arrests resulted in conviction. During the same period 34,600 hunters' licenses were issued.

NEWS OF WOMEN'S WORK INTERESTING TO CLUB WOMEN.

Christmas Services at Opera House.

"For we (club women) have all learned together that to be successful is not to acquire but to bestow, not to be rich but to be strong; and that an organization, like a nation, takes rank not because of the things it fashions with its spirit.

"And may we continue to be permeated with a helpfulness to each other, a charity toward all endeavors, and self-sacrifice in dividing our portions, however small, and thus be anointed with the Sanctity of Service."—Mary McDowell Lowndes.

The Women's Clubs of Paris arranged and presented a most attractive service for the Christmas season and presented it on Sunday night.

Rev. Ellis, of the Christian church, explained the program, and then made a strong appeal for the Red Cross.

Any man or woman who sat within sound of his voice and listened to his words unmoved must be indeed and in truth the living example who could answer "yes" to the question—

"Lives there a man with a soul so dead,
Who never to himself hath said,
This is my own, my native land."

At the close of his talk, Rev. Combs, of the Methodist church, offered the invocation.

Miss Patsy Clark and Miss Helen Hutchcraft read several numbers bearing on the birth of our Lord and the coming of the Magi. Both young ladies are especially gifted in this line, and their readings afforded the audience very great pleasure.

The program was interspersed with several numbers from the Victrola.

Under the competent leadership of Mr. Boatright the united choirs of all the churches rendered the Christmas music, with a spirit and enthusiasm that made it a joy to hear.

"It Came Upon a Midnight Clear," "Hark, the Herald Angels Sing," "Joy to the World," were some of their numbers. Only one quartette was offered, and that exquisite, tender, touching little hymn, "O, Holy Night." It was beautifully rendered by Mrs. Edward Prichard, Miss Flora Hill, Mr. Clay Sutherland and Mr. Wallace Clark.

There were eighteen pictures shown, depicting the infant Saviour and the Virgin Mother according to each artist's idea. Dutch, French, Italian and English art was represented. With each picture Mrs. Fanniebell Sutherland gave a short explanation.

The service closed with a Scripture reading by Mr. Goldsmith, of the Baptist church, and the singing of "America" by the audience. Mr. Combs then pronounced the benediction.

The house was full to overflowing. Every seat was taken and many standing during the entire program.

MATRIMONIAL.

—Marriage licenses were issued Saturday from the office of County Clerk Pearce Paton to Wm. I. James and Miss Pearl Dennison, and Mr. G. C. Thompson, Jr., and Miss Matilda James, all of Paris.

—Marriage licenses were issued last week from the office of County Clerk Pearce Paton to Moess Lowe, Jr., and Miss Julia J. Hall, and Mr. John Brooks and Miss Sallie Stanfield, both of this county, and Mr. Russell Thornburg, of Indiana, and Miss Nora A. McCord, of Flemingsburg.

ANNOUNCEMENT.

—Mr. and Mrs. I. D. Thompson announce the engagement of their daughter, Sarah Elizabeth, to Mr. Lewis Hurshell Humble, of Somerset, Ky. The wedding will take place early in the new year.

KIMBRALL—MOORE.

Miss Hezel Kimbrall and Mr. Richard G. Moore, both of Austerlitz, secured license here and were married at the home of the officiating minister, Rev. R. C. Goldsmith, pastor of the Baptist church. Mr. and Mrs. Moore will reside in Paris.

STONE—THOMAS.

—Miss Sarah Stone, youngest sister of Mrs. C. P. Bales, of Paris, was married in Covington last week to Dr. Hugh Franklin Thomas, a prominent dentist of Dayton, Ohio. Following the ceremony Dr. and Mrs. Thomas left for a bridal trip to Cuba. On their return they will reside in a handsome home recently fitted up by the groom at the corner of Fourth and Ludlow streets, in Dayton. The bride is a daughter of Mr. and Mrs. J. E. Stone, of Dayton, Ohio.

JAMES—THOMPSON.

—The wedding of Miss Matilda James, daughter of Mrs. Mollie James, of Paris, and Mr. G. C. Thompson, Jr., son of Mr. and Mrs. Albert S. Thompson, of near Paris, was solemnized Saturday afternoon at the home of the officiating minister, Rev. J. M. Maxon, formerly President of Margaret College, in Louisville.

They were accompanied to Louisville by Miss Elizabeth Brown, Mr. and Mrs. Edward Spears, Mr. Alvin Thompson and Mr. Hiram Roseberry. After the ceremony Mr. and Mrs. Thompson left for a wedding trip, their destination not being given out. After January 1, they will be at home on a farm near Demopolis, Alabama, recently purchased by the groom's father.

The groom is one of the county's most industrious and prominent young farmers, and a graduate of the University of Wisconsin. He has been engaged in farming with his father on their fine place near Paris.

The bride is one of the handsomest and most charming of the younger of Paris society girls, and universally admired for her gracious manner and charming disposition. She is a graduate of Margaret College, in Versailles.

Mr. and Mrs. Thompson have the good wishes and hearty congratulations of a host of friends in this and surrounding cities.

FIRE IN LEXINGTON UNION STATION: \$1,000 DAMAGE.

Fire in the new Union Station at Lexington, said to have been caused by crossed wires did \$1,000 damage at three o'clock, Friday morning, and disrupted the entire telephone service of the building. The cause of the fire was stated as being due to the crossing of the high tension wires and the Louisville & Nashville telephone wires between Lexington, Cincinnati, Louisville and mountain section. Telephone connection with all the surrounding towns was cut off, the central section of the dome of the Union Station was damaged, and a large portion of the roof in the vicinity was burned. A temporary telephone connection was established with Louisville and Paris. The building was heavily insured.

CHRISTMAS GREETINGS.

We are sincerely glad it is once more our privilege and pleasure to greet the readers and patrons of THE BOURBON NEWS with a cheery Christmas greeting. It seems but a few days ago that we sent a like message to you, and yet a year full of wondrous changes has flown by.

To us no season of the year awakens so much of tenderness and fellow-feeling toward all humanity as the glad Christmas time. It is not only a time of well-wishing, but kindly doing, with a vein of sympathy that would turn no one away empty-handed, no word of love that might contribute to another's happiness.

It is the fervent wish of THE BOURBON NEWS, expressed in no uncertain terms from every department, that your homes may be bright with Christmas cheer, the children of your household happy, and the great wishes and hopes of your hearts be realized in abundant measure this Christmastide.

To one and all, a Merry Christmas and a Happy New Year, and may your happiness be limited only by your capacity to enjoy it!

FARMING CONDITIONS.

In one way the heavy snowfall has been a blessing in disguise to the farmers, protecting their wheat fields from freezes and cold weather. It was at the same time responsible for a cessation of many kinds of work on the farm which could not be carried on.

Water froze as soon as the air hit it, and getting enough for the stock to drink and keeping it in liquid form until they could get enough to drink became quite a problem. When the hogs felt the cold they would huddle close together, the result being many smothered pigs. Chickens roosting in trees froze to death from the limbs.

Tobacco sales were over early in the morning, owing to the extreme cold and the difficulty of handling the weed. Several growers found it impossible to get their crops to Paris over the blockaded roads in time to have them prepared for the sales. The crop has begun to move again and sales will be held when circumstances warrant.

The matter of stripping tobacco has been very difficult, owing to cold and the dry weather. The tobacco out of bulk was in many instances frozen in the stripping rooms.

Feed is reported very scarce with fodder selling at forty cents per bushel, and hay \$32 per ton. Dairy cows are dry, owing to scarcity of feed and water, consequently butter, milk and cream are high and scarce. Eggs are at a premium and very few to be had at any price.

ALCOHOL ENGINES.

A committee of Australian scientists is investigating the possibilities of commercial alcohol in place of gasoline as a fuel for internal combustion engines. They find that an engine can easily be run on alcohol, and that its thermal efficiency when so run is somewhat higher than with gasoline fuel. However, they also find that alcohol must be far cheaper by the pound than gasoline, and somewhat cheaper by the quart, if it is to be as economical a fuel in terms of dollars and cents. Moreover, an engine will not start from a cold condition on alcohol.

SAVING GASOLINE.

England has appointed a gasoline director, under the title of petroleum executive, who supervises and controls all consumption of oil and gasoline. The use of pleasure cars with gasoline for fuel has been largely done away with, so that the duties of the petroleum executive consist largely in enforcing the economical consumption of gasoline and oil in industrial and military matters. His office also includes a special division for research to develop more economical methods of consumption.

The Germans regard the victory over the Italians as a step nearer to peace, while the Allies regard it as prolonging the war.

THE SECRET OF SUCCESSFUL BAKINGS.

Many women entertain the idea that they can never become thoroughly good cooks. They may be perfectly able to prepare meats and vegetables properly. Still they make a miserable failure of bakings. When one gives the matter serious consideration it becomes evident that the fault rests more in faulty baking powder than careless or haphazard baking methods. This must be true. For it is a well-known fact that housewives who employ Calumet Baking Powder are highly successful. They do not know the meaning of bake day failure. Even girls who never before attempted to bake a cake—a batch of doughnuts—biscuits—or cookies employ Calumet and turn out bakings that rival those of experienced cooks. This absolute dependability of Calumet—the unfailing leavening force—that makes all women good bakers of biscuits and pastries—has made Calumet the greatest seller of all Baking Powders—more pounds being sold than any other brand.

Cheap baking powders and high cost baking powders of low quality have proved to millions of housewives that no matter how good the recipe—how great the care in preparing and mixing baking ingredients—results are uncertain unless a sure baking powder is employed. Consequently these millions demand and use Calumet—because of its every bake day dependability.

FARMERS' WEEK AT LEXINGTON, JAN. 29-FEB. 1

In America this is the golden age of farming this being especially true of Kentucky. Good crops and good prices prevail and prosperity is abroad in the land. For a number of years farming has been receiving more and more attention and now, in the face of the war we have realized better than ever before the importance of doing our best on our farms.

It is the farmer's duty to himself and to his country to do his best. In this connection, mention should be made of "Farmers' Week" to be held at the Agricultural College at Lexington, January 29 to February 1. This will be a series of meetings of various farmers' and breeders' association of Kentucky. In addition the college will provide a most instructive set of demonstrations and lectures that will be of great help to farmers in their efforts to produce maximum crops next summer.

There will be competitive shows of alfalfa, corn, dairy products and women's work.

Everybody is welcome. Everybody is free.

A great many letters which were worth a two cent postage stamp will not be thought worth while at the increased postage rate.

Measured by his accomplishments, which is the only test of merit, Gen. Von Mackensen is the greatest general of the war.

BOURBON'S ALLOTMENT IN WAR SAVINGS STAMP CAMPAIGN.

Paris and Bourbon county will be called upon to subscribe \$349,240 in the coming campaign for War Savings Stamps. The sum of \$48,000,000 has been apportioned to the State of Kentucky. The appointment of a County Chairman is expected to be made this week, and then everything will be completed. This will be a wonderful opportunity for the people of Bourbon county to show their patriotism and confidence in the government by oversubscribing their allotment, as they did the two Liberty Loans. Everyone could not buy a Liberty Bond, but anyone can buy some of the War Savings Stamps, their denomination being adapted to every pocketbook.

The allotment throughout the State was made on a basis of \$20 per capita. The men in charge of the campaign think that no difficulty will be experienced in disposing of the stamps. The allotments for Central Kentucky are as follows: Garrard, \$237,800; Jessamine, \$262,300; Madison, \$658,620; Mercer, \$281,280; Bath, \$279,760; Bourbon, \$349,240; Boyle, \$305,780; Anderson, \$204,300; Breathitt, \$397,800; Clark, \$378,620; Fayette, \$1,036,680; Fleming, \$321,320; Franklin, \$426,820; Montgomery, \$257,840; Nicholas, \$212,020; Scott, \$339,120; Woodford, \$251,420.

CANCER AND SULPHUR.

A Scotch physician has just completed an extensive series of researches into the incidence of cancer which led him to some novel conclusions. He finds that in Scotland and the Scotch islands, the percentage of cancer is particularly high in coal-burning districts and low in the peat-burning districts. There are some exceptions to this rule, and in every such case he finds that the peat-burning district with a high death rate from cancer burns a peat with a high percentage of sulphur. Thus he concludes that coals and peats with a high sulphur content as fuel have a direct connection with the development of cancer.

To Mend Marble Ornaments.

To mend marble ornaments, plaster of Paris, finely powdered, is soaked in as much saturated solution of alum as it will absorb. The mixture is baked in a slow oven, and when hard it is ground to a powder. This powder, mixed in water and applied like plaster, sets very hard, will take a very good polish, and, if properly colored, makes a capital imitation of any kind of marble.

Siberia may or may not be a republic, but it will be a long time before the whole of that region of vast and vacant spaces is sure of the facts.

BIG PASSENGER TRAFFIC THROUGH PARIS TO SOUTH.

Every through train passing through Paris over the L. & N. is, according to officials at the Tenth street passenger station, crowded with tourists from the North seeking to evade the cold weather by going to the sunny clime of Florida.

According to Mr. W. V. Shaw, general agent, all these trains are carrying extra coaches and Pullman reservations are all taken ahead. In some instances the travel has been so heavy as to necessitate putting on special trains. Train schedules have been uncertain, but the Louisville & Nashville has been maintaining a decidedly better average than any other road running trains to the Florida resorts.

Letters and papers received here by friends and relatives of Paris people who are wintering in Florida, tell of the delights of fishing, hunting, boating, etc., in that favored region, while back home the problem of merely being comfortable has been a serious one. The people of Florida are expecting the greatest tourist season this winter in the history of the State.

HOW TO PREVENT CROUP.

In a child that is subject to attacks of croup, the first indication of the disease is hoarseness. Give Chamberlain's Cough Remedy as soon as the child becomes hoarse and the attack may be ward off and all danger and anxiety avoided. (adv-dec)

SOLDIER AND SAILOR INSURANCE.

If a soldier or sailor is killed, and he has a wife and children, the Government will provide compensation for the wife, so long as she remains unmarried, and support for the children until they become 18 years of age.

These payments range from \$25 for a widow alone to \$27.50 for a widow and four children. If the man is totally disabled the Government will make a fixed monthly payment to him ranging from \$30 a month if he is married, to \$75 a month, if he has a wife and three or more children. Should he be so helpless as to require a nurse or attendant he will be given up to \$20 additional. Should he lose both feet, both hands, or both eyes, or be permanently bedridden, he will be paid \$100 a month, whether he is a bachelor or married.

NO. BOYS, IT ISN'T SO.

Alma, Rubens, Triangle favorite, who has won honors in several recent Triangle releases, is being bothered to death by congratulations on her marriage. Now as Miss Rubens has no idea of being married in the near future, not even being engaged, she resents the calls and likewise the congratulations.

DO YOU OWN MORE THAN \$250 WORTH OF FOOD.

Within the next few days Paris merchants, in certain lines of business, wholesale and retail, and all farmers, restaurants, grain elevators, hotels, cold storages—in fact, every person or corporation having more than \$250 worth of food supplies for commercial use, will have to begin making out their reports for the Government food survey that has to be completed by January 10, and in the hands of the proper officials.

These reports will have to be based on the amount of supplies on hand December 31. The report blanks are being furnished by the Government, and all merchants are required to make application for them in the event that their supply has not been received. The reports are to be made voluntarily, but in the event they are not, a heavy fine and prison sentence is laid in wait for those who refuse to perform this patriotic duty.

In addition to the foregoing all colleges and hospitals are to make reports just the same as the others, nothing being exempt except such supplies as are owned by individuals for their own or family consumption.

All blanks are expected to be in the hands of the merchants by January 2, and those receiving them as late as that date are to be allowed

ten days after receipt thereof to make out their reports. The blanks may be obtained from the office of the Federal Grain Supervisor, No. 27 Board of Trade Building, Louisville, or from the Field Agent of Markets, College of Agriculture, University of Kentucky, at Lexington.

THE JANUARY AMERICAN MAGAZINE.

The January issue of The American Magazine is filled with stirring, helpful articles and entertaining fiction. Harry Lauder, the famous Scotch comedian, has written an article entitled "What the War Has Done to Me," in which he tells of the death of his son in France and saw while visiting that country. Frank Vanderlip, President of the National City Bank, tells in an interview how the bank decides upon raising the salaries of the employees and the things which influence them in giving a raise. Montague Glass, the famous author of the Potash and Perlmutter plays, writes an article on the Jew and the Gentile which is interesting and entertaining. Other good articles are "New Year Resolutions," "The Comic Side of Trouble," by Bert Williams, and "Chicago," by Jack Lait.

Holworthy Hall has a great fiction story called "Through Clearing," Ida Evans has a real human story to tell, and William Dudley Pelley has another of his great stories, this time dealing with the draft situation. The serial "The Making of George Gorton" continues, and the interesting People and Family Money articles are as helpful and inspiring as usual, rounding out a number unusual for its quality.

THE YOUTH'S COMPANION CALENDAR FOR 1918.

The Youth's Companion Practical Home Calendar combines the beautiful with the useful. It is especially sought for by busy people, because it gives at one glance not only the days of the current month, but those of the month preceding and the month following, all on one leaf. At the same time the calendar is decorative in design and suitable for a place in the best room in the house. It is given to all readers of The Youth's Companion who have paid their subscriptions for 1918.

If you want to get the worth of the bargain in life cultivate gladness. The one who mopes does not enjoy himself, and surely no one enjoys him.—Exchange.

What a war this would be if Col. Roosevelt were running it and Col. Waterson issuing the official document.

INSURANCE OF SOLDIERS AND SAILORS.

The act which provides for Government life insurance for soldiers and sailors has now been in operation a little more than a month. The Secretary of the Treasury announced on November 17 that up to that date 64,168 applications under the new law had been received, representing insurance in the sum of \$552,093,000. From four to six thousand applications are received each day at the Treasury Department, the amount of insurance applied for sometimes reaching a total of fifty million dollars in a single day.

The law provides that soldiers, sailors, marines and nurses in active service may obtain from the government life insurance in amounts not exceeding \$10,000 at premium rates ranging from 65 cents a month at the age of 21 years to \$1.20 a month at the age of 51 years, for each \$1,000 of insurance. One of the primary objects of this law is to lessen the tremendous burden of pensions which has followed as a consequence of all American wars.

It is evident that the administration of this new branch of Government work is big business in itself. But this is only one of many governmental activities incident to the war which are adding great numbers of clerks, stenographers and other servants to Uncle Sam's payroll. Literally thousands of stenographers and typewriters have been appointed in Washington during the past few months and thousands more are to be appointed as soon as they are available. The United States Civil Service Commission is holding examinations for these positions weekly throughout the country. Secretaries of local boards of civil service examiners at the postoffices in all cities are furnishing detailed information.

THE COUNTIES NEED MORE REVENUE FOR ROADS

When a man passes through a great many of the counties of Kentucky, he finds some good and some bad roads. Naturally, he wonders why all roads are not good and if he will investigate he will find that the reason is the lack of revenue. Because, surely the county officials would be glad to have all good roads within the confines of their county, but they cannot accomplish the impossible and consequently cannot build roads without money.

Traffic conditions have changed and the people now demand more and better roads every year, but the road levy is not increased to meet the demand. The price of labor and materials has increased during the past two years, but the road funds have not been increased. A dollar in 1918 will not go much farther than 50c did in 1916. So the answer must be more revenue.

Let any man go to the Sheriff's books and investigate the amount of road taxes paid by every man living along one of the roads. He will find that on many roads as much as 7 or 8 miles in length, there is not enough road taxes paid to build one mile of road.

Under the law any Fiscal Court can call an election to vote on an additional road tax of any amount up to 20c on the \$100.00 worth of taxable property, to run for a period not exceeding ten years and all funds derived therefrom must be used for the roads and bridges in that county, and the Fiscal Court can expend the funds on any roads in the county.

A barrel of corn, fifty pounds of tobacco or ten pounds of wool will pay the average man's part of the tax and at the same time assure him good roads so as to market his crops much cheaper and good roads will add to the value of his farm several hundred times the amount he pays in additional taxes.

Roads also benefit the cities because the county must advance it the cities prosper.

It certainly is patriotic to build and maintain roads at this time.

FRENCH INDUSTRIAL EXHIBIT

Nowhere have the French shown their remarkable national vitality more strikingly than in the way they have kept up the pursuits of peace while bearing the brunt of the most exacting war in history. So far from having their industries broken by conflict, they have developed scores of new ones. An exhibit now being held in Paris is given over entirely to products manufactured in France which were formerly imported. The first division consists of articles formerly brought from foreign nations, largely from Germany, while the second is made up of articles formerly made in the northern districts of France are now being manufactured in Southern France.

CHRISTIAN SCIENCE HEALER SUES TO COLLECT FEE.

What is said to be the first suit ever brought by a Christian Science practitioner for the recovery of money said to be due for services rendered was filed in New York, Tuesday, against Clarence C. Burger, a banker and promoter, by Miss Grace M. Trankla. Miss Trankla asks \$12,250 for services and instruction, alleged to have been given between April 1 and October 1, this year. In her complaint, Miss Trankla alleged that Burger sought her assistance and instructions in Christian Science, to lead him to deeper understanding of its principles so that he might not only be healed, but in order that his greater business success in life might be promoted by like aid.

As a highly sensational movie scenario, Mr. La Follette knitting socks for soldiers might be worthy while.

La Follette is telling the country how patriotic he is. His pro-German utterances, we take it, were merely camouflage, then.

MILLERSBURG

—The Red Cross campaign was very successful. Our assessment was \$500. We succeeded in obtaining \$550.

—The Methodist and Presbyterian Sunday schools gave a joint Christmas tree at the Presbyterian church Sunday evening.

—Mr. and Mrs. Earl Plummer have moved to rooms in the Best Flat, lately vacated by Mr. and Mrs. Bishop Delaney, from the home of his parents, Mr. and Mrs. Joseph Plummer.

—Mr. and Mrs. M. D. Hurst have moved to the property of Dr. W. M. Miller, on Eighth street, recently vacated by Mr. and Mrs. J. C. Leer, from a part of the home of the late Miss Betty F. Vimont.

—The Graded School closed Friday afternoon with a Christmas tree, and a nice entertainment by the little folks. The tree was beautiful and laden with presents for the entire school. The teachers, as well as the student body, were nicely remembered. The school will reopen Wednesday, January 2nd.

—NOTICE.—Beginning with January 1 we propose to do only a thirty-days' credit business. We must make quick sales and turn over our money often. All persons knowing themselves to be indebted to us, will please call and settle at once. We thank all our customers for their patronage in the past and trust that we may be able to continue to serve you during the year 1918.

RUFUS BUTLER.

—At a mass meeting held at the colored Methodist church in the interest of the Red Cross drive, a number of short addresses were delivered, after which the sum of \$35 was raised for the Red Cross. All

money coming from the colored people will be used for the colored soldiers. Considerable amounts have been subscribed since this meeting.

—Mr. and Mrs. Bruce Miller, of Sedalia, Mo., arrived Friday as the guests of Mr. and Mrs. R. L. Tarr.

—Our town and community was shocked Saturday morning when it was learned that Mr. Benjamin W. Wood had died of heart trouble, about five a. m. Mr. Wood had been a sufferer for some time, but his condition was not considered serious.

Mr. Wood was one of our most prominent citizens. He was born in Prince George County, Md., April 12, 1854. His parents were Mr. Jas. Ward Wood and Mrs. Margaret Dorothy Turner Wood. He was one of a family of seven children, one brother and one sister having preceded him to the grave. Early in life, with his parents he came to Kentucky, and located near Germantown, where his early life was spent. On November 24, 1886, he was united in marriage to Miss Lottie Proctor, of Sardis. Their happy union was blessed with three daughters, Misses Margaret, Edith and Hattie Wood, and one son, Mr. Proctor Wood, who, with their mother, survive him. In the spring of 1915, he, with his family, moved from Sardis to Millersburg, where he has since resided. On coming here he soon became active in the Methodist church, and also in Amity Lodge No. 40, F. and A. M. He is also survived by his aged mother and four sisters, Mesdames John Jones, John Wallingford, Chas. Wallingford and Susan Reese, all of Mason county.

The funeral was held Monday at 10:30 a. m. at the Methodist church, conducted by Rev. J. D. Redd, assisted by Rev. J. W. Gardner, pastor of the church, and Dr. C. C. Fisher, President of the M. C. The services at the grave were under the auspices of Amity Lodge No. 40, F. and A. M., and were conducted by Past Master Preston Ray, of Sardis, the lodge in which Mr. Wood was a

DEATHS.

JONES.

—Mrs. Mattie Jones, sister of Mrs. F. M. Gillespie, of Plum, this county, died at her home in Cimarron, Kansas, on December 20. She was formerly Miss Mattie Rhodes, of Mason county. She is survived by her husband, two sons and two daughters.

HEATH.

—The funeral of Miss Rebecca Ford Heath, aged sixty-one, who died at the Massie Memorial Hospital, in Paris, Saturday, after a long illness, was held yesterday afternoon at 2:30 o'clock from the residence of Dr. M. H. Dailey, on Stoner avenue. Services were conducted by Rev. George H. Harris, of Versailles, lately rector of St. Peter's Episcopal church, in Paris. The interment took place in the Paris cemetery. The pall-bearers were Charles B. May, Chas. N. Fithian, Chas. W. Fithian, Harry E. Fithian, W. Swiney Ray and Dr. M. H. Dailey.

Miss Heath was a daughter of the late James M. and Mary Ford Heath, of Covington. She was for ten years a missionary of the Episcopal church, spending the greater part of her time in China and Japan.

She is survived by three sisters, Mrs. Mayne Fithian, of Paris; Mrs. Wm. O. Paxton, of New York, and Miss Margaret Heath, of Lexington.

BERGMAN.

—The funeral of Mr. Emil G. Bergman, aged thirty-two, who died in St. Joseph's Hospital, in Lexington, at eleven o'clock Thursday night, of peritonitis, following an operation for stomach trouble, was held Sunday afternoon at 2:30 o'clock at the home of Mrs. H. C. Henson, on Fithian avenue in this city.

Services were conducted by Rev. W. E. Ellis, pastor of the Paris Christian church. The interment followed in the Paris cemetery. The pall-bearers were Jesse Tillett, John Cramer, John Skain, J. T. Sallee, Jos. Porter and Maurice Leach, all of Lexington.

Mr. Bergman was steward of the Phoenix Hotel, in Lexington, which

position he had held for the past two years. Previous to coming to Lexington, he had been connected with the Seelbach Hotel, in Louisville. He was in the English army when a young man, and when he first came to America became a member of the life-saving service at a station on the Atlantic coast. He had a number of medals for bravery in the army and life saving service.

Mr. Bergman was married about a year ago to Miss May Howe, daughter of Mrs. H. C. Henson, of Paris, who, with a brother, Mr. F. W. Bergman, manager of the Southern Hotel, in Baltimore, Md., survives him.

GLASS.

—Mr. John B. Glass, aged fifty-seven, connected with the Eastern Kentucky Hospital, at Lexington, died Sunday morning within five minutes after suffering a third stroke of paralysis. Mr. Glass had sustained two slight paralytic strokes several weeks previous, but being able to walk about, concluded to visit the office of his physician. Just after entering the office he was stricken with paralysis and died a few moments later without regaining consciousness.

Mr. Glass is survived by three sons and four daughters, one of the latter, Mrs. James Scanlon, residing in Paris.

The funeral will take place at Mr. Glass' old home at White Sulphur, in Scott county.

SMITH.

—The funeral of Mrs. Elizabeth Smith, who died in Cynthiana, Thursday, was held Saturday morning at the Baptist church in Cynthiana at ten o'clock, conducted by Revs. S. H. Burgess and C. W.

Elsey. The interment followed in Battle Grove Cemetery. The pall-bearers were William Remington and Frank Remington, of Paris, J. C. Deadman, J. E. Wells, J. A. Leach and Rodney S. Withers, of Cynthiana.

BIRTHS.

—Near Little Rock, this county, to the wife of Mr. Ashton Craycraft, formerly Miss Clara Bishop, a daughter.

THE DAY BEFORE CHRISTMAS.

The day before Christmas found Paris almost smothered under a pall of fog and rain, which came after a promise from the weather man that there was likely to be snow. It did not, however, deter the shoppers, who were out in force doing their delayed shopping. Merchants report a good business on Saturday and yesterday both, and were very well satisfied with the two days' work. Saturday saw probably the largest crowd that has been in the city on Saturday for some time. Many hundred dollars realized from the tobacco sales were put in circulation and found their way to the cash registers and safes of the Paris merchants.

One of the most delightful pre-Christmas entertainments ushering in the holidays was the "Nativity" rendered at the Grand Opera House by a large delegation of vocalists,

assisted by children of the city. The program embraced the sacred story of "The Nativity," as told in song, readings and sixteen tableau pictures taken from the famous pictures depicting the events that gave the title of Christmas to the holiday season. All the local churches and their choirs assisted in the presentation of the pictures and the songs.

A Christmas tree entertainment was given at the Baptist church at seven o'clock last night, with a real Santa Claus and a postoffice from which gifts for the members of the congregation was distributed. An offering from the Sunday School classes for the poor was taken.

The postoffice was crowded to its utmost capacity with anxious people who had delayed packages to send to friends and relatives. Postmaster Payne and his assistants worked like Torjans to relieve the pressure on their several departments and did good work in getting the accumulation out of the way.

To-day the celebration of the Saviour's natal day will be celebrated with services at the churches, and in other ways by the young people. The majority of business houses will close for the day, while a number will give their employes a half-holiday.

The Difference.

Everyone who enjoys nature thinks that the principal thing to the tree is the fruit, but in point of fact the principal thing to it is the seed. Herein lies the difference between them that create and them that enjoy.—Nietzsche.
